

# ***NEWS FLASH...***

With the recent end to the holiday season, we have seen many of our residents with new clothing, footwear, and bedding. We obviously do not want any of these items to get lost, so please remember to properly label each item. We recommend using black or white permanent markers, whichever can be most clearly read. If you do not have markers, please ask the nurse or aides as we have markers available.

Please also keep in mind that we do have a lost or found if you have forgotten to label an item and it has come up missing. We are always willing to take a description of an item and look for something specific, but we also have a “Lost and Found” day each month where you or your family member can come to identify anything that may have been misplaced.

If you have any questions, please feel free to contact the Nurse or Front Desk in person or by telephone at 330-364-4436.

Thanks!
