

THE ACORN

PARK VILLAGE HEALTH CARE CENTER

FROM THE DESK OF...

Tom O'Donnell, Director of Operations

As improved weather is on the horizons, we look back over the past few months of cold and snow. We want to thank all of you who braved the elements to visit your loved ones as well as those who reasonably decided it best to enjoy a telephone call until the weather improved. We also want to thank our Maintenance Staff who worked tirelessly to keep our driveways and walkways clear and safe! This was a daunting task! Thank you!

We are finally seeing the light at the end of the tunnel in terms of the flu

season as well! We still request that if you are feeling under the weather, particularly if you have a fever, you think twice before visiting. Keep the telephone calls and cards coming – the residents enjoy these when you are unable to visit!

We do anticipate an increase in visits as we celebrate Easter, Mother's Day, Memorial Day, and Father's Day over the upcoming months. We hope you check out the activities calendars for the special events our Activities staff plan to honor those who have

done some much for us! Many of these celebrations will also include special luncheon meals. Announcements regarding menu changes will be posted throughout the facility, but feel free to also call in and ask if something special is planned! We enjoy having your company celebrating these special occasions.

In conclusion, on behalf of the entire Park Village staff, we wish you a Happy Spring and all the joy that this time of year has to offer!

Tom O'Donnell

SPOTLIGHT ON...

MARCI SHUTT, ADMINISTRATOR

Current Residence:

Marci currently resides in Dover, Ohio.

Family:

Marci and her husband Wayne have two daughters, Courtney and Katlyn.

Interests/Hobbies:

Marci enjoys watching her daughters play and compete in golf. Marci also enjoys crafts, floral arranging and sewing.

When you were younger, what did you want to be when you grew up?

When Marci was younger, she actually wanted to be an electrician and work on power lines! Marci soon realized this wasn't an ideal career for her as she has a fear of heights!

What is something that reminds you of your childhood?

Listening to Residents tell stories of living without indoor plumbing or modern technology reminds Marci of her childhood as she lived with her grandmother in the summer months. Marci's grandmother lived in a 4-room cabin with no indoor plumbing. Those summers were the best years of her childhood! These experiences allowed Marci to appreciate what she had.

What is one thing on your "Bucket List"?

Given her Scottish and Irish heritage, Marci hope to someday visit Ireland.

What is something that people may not know about you?

Marci knows how to wire a house for electricity! (*Truly a jack of all trades!*)

What is your favorite thing about working at Park Village?

Marci enjoys working for a family owned business because they believe in the importance of caring for people and meeting their needs – it's not about the bottom line or money.

Welcome New Residents

Health Care Center

Softly the leaves of memory fall.
Gently I gather and treasure them all.
Unseen, unheard you are always near,
So missed, so loved, so always dear.
No longer in our lives to share.
But in our hearts you're always there.

~Unknown

Looking Ahead...

April starts off with a wonderful celebration... Easter! Nothing says spring quite like the Easter holiday. Many of our activities during the first few days of the month focus on Easter, but carry over into celebrating warmer weather, sunshine, and all things spring! We encourage you to make plans to share in this celebration with your loved one! As always you are invited to participate in any of the offered activities, but want to draw your attention to a special Easter Day noon meal!

May continues the enjoyment with a special celebration centered around Mother's Day. As we have in the past, we will be planning a special activity to enjoy with your loved ones, particularly those mothers and grandmothers that have meant so much over the years! We also enjoy the opportunity to remember and honor those courageous men and women who have served our country in the military. We will plan activities in honor of Memorial Day towards the end of the month.

June allows us to enjoy warmer weather and acknowledge those other special people in our lives – our fathers and grandfathers. Please watch for special activities planned on honor of Father's Day, as we would love to have to celebrate with your loved ones!

As spring turns into summer, please do not forget that we will have monthly cookouts for the noon meal. Many of the residents and their families enjoyed these special days last year and we look forward to continuing the tradition this year! We will also be bringing out the patio furniture soon to allow everyone to enjoy some fresh air and sunshine!
